

Do you have **the best** propane or fuel oil plan?

Only you can decide! See the chart below to make sure you understand all of the details.

	Automatic Delivery <i>We take care of everything.</i>	Will Call Delivery <i>You "will call" when you need fuel.</i>
Tank Monitoring	We carefully monitor your deliveries based on your historical usage. Our advanced system also keeps track of weather conditions since you are likely to use more fuel during colder temperatures.	You are responsible for monitoring the level of fuel in your tank at all times. You will need to notify us when your tank is at or near the 25% full mark to allow sufficient time for us to fill your tank prior to being completely out.
Scheduling a Delivery	There is no need for you to check your tank or worry about calling to schedule a deliveries. We handle everything.	We already have customer deliveries scheduled for the week to come. Therefore, you must allow us at least 5-10 days to route your delivery.
Scheduling a Rush Delivery	It is our responsibility to make sure you always have the fuel you need, whenever you need it.	If you cannot wait 5-10 days, we will schedule a rush delivery. However, since we will need to re-route a truck specifically for you, a special delivery fee may be added to your invoice.
If You Run Out of Fuel	You never have to worry about running out of fuel. In the unlikely event it does happen, you'll receive a Rush Delivery at no extra charge: <ul style="list-style-type: none"> ✓ Rush Delivery Service ✓ A complete System Safety Test (<i>propane</i>) 	After hours delivery fees will apply. In addition, a required System Safety Test charge will apply for propane deliveries.
Payment Options	You can choose from two easy payment options: <ul style="list-style-type: none"> • Budget Payment Plan Spread your winter fuel costs into even monthly payments to keep your fuel bills low and predictable all year. • Billing per Delivery We will invoice you for each delivery. 	You may prepay by cash, check, or credit card, unless you are a credit approved will call customer. Minimum deliveries will require pre-payment prior to delivery.

AUTOMATIC DELIVERY MYTH: "You use more fuel when you choose Automatic Delivery."

AUTOMATIC DELIVERY FACT: Whether you choose Automatic Delivery or Will Call Delivery, the only one who can control how much fuel is used is YOU. Someone in a smaller home who keeps their thermostat low is going to need less fuel delivered than a family who turns up the heat all winter long in a larger home.

Every situation is unique. We deliver based on your specific needs.
